What's New In AutoCAD?

Markup Assist: With Markup Assist, AutoCAD imports and makes changes to a drawing as you create it. Assign labels to features, and the label appears when you move your cursor over the feature. (video: 1:26 min.) Ribbon icons in the ribbon bar: Place an icon in the ribbon bar to quickly open and close current Ribbon panels. (video: 1:08 min.) New tools in Drafting and Dimensioning: With three new tools in Drafting, you can create 3D models, build tables and create floor and roof plans. Draw solid lines with one click: Reduce the time it takes to create a dashed line with a new AutoCAD feature that automatically creates the dashes, and can also connect individual dash points together. (video: 1:22 min.) Create and edit custom graphics and shapes easily: In a number of new tools, including the drafting tools and dimensioning tools, you can create custom graphics and shapes and edit them with a new UI and dialogs. Interactive Grid & Multi-grid options: More flexible grid and multi-grid options let you determine how you want the grid to look and behave. For example, you can create a grid that follows the 3D-model, or you can specify a specific grid or multi-grid that you prefer. (video: 1:40 min.) Image Enhancement options: You can customize a variety of image enhancement settings, including the ability to adjust the levels and contrast of image. (video: 1:28 min.) Layer editing tools: Layer editing tools can be used to quickly open and close layers, as well as edit and label the layers. With these tools, you can create and edit layers in a new way. Bezier and Quadratic Interpolation: The Bezier tool now lets you edit each point separately, so that you can create and shape features easily. You can add shape keys to segments of the tool, which can be combined to form spline paths. Quadratic interpolation lets you calculate a curve that is continuous over the entire path. (video: 1:39 min.) Improvements in drafting tools: With drafting features, you can easily create custom 3D models, tables and floor and roof plans. You can add
