Those titles were the critically acclaimed and award winning titles, GoldenEye 007 and the Call of Duty series. But today, Infinity Ward, led by co-founder and co-CEO Jason West, has a different vision. With a message of love and respect for their fans, Infinity Ward is back to craft a game for the fans, by the fans, to reflect a time and style for which we nostalgically long. "If we want to change things, we're going to have to start with people's mindsets." Only 45 percent of the participants reported reducing their caloric intake by at least 5%, and less than 5 percent eliminated as many as 20,000 calories daily. But those people who went on to achieve the greatest weight loss maintained those achievements in the years since the

So this is my new journey, documenting my weight-loss efforts (is that portmanteau for obesity?) for myself. And because I want to show my readers that it
