Erica Torres, 2310 Barbara Ave., was on the west end of Franklin Avenue near South Tyro Elementary School as the sun broke over the horizon on June 20, 2012, when she was approached by two teenage boys, one of them armed with a machete. The 13-year-old girl said she had just finished the school day and was in the park with a friend. Torres testified she was frightened when the boys appeared on the scene. She had never seen them before, said they had no prior dealings with her and she didn't know them. One boy, who was 15 at the time, was the aggressor, said his mother, Bonnie Kolar. "He was the one that started it, she said. "He was the one who threatened to cut her." Torres and her mother dropped off her friend and started walking home. The two boys followed them a couple of times. Then one of them attacked Torres, Kolar said. She said her son told the same story. He said he was threatened and attacked by the other boy, then left the area. "She felt like she was about to die," Kolar said. Torres was taken by ambulance to the hospital with a broken nose and several wounds to her head, Kolar said. A machete was found at the scene, and the assailants were described as wearing dark-colored hooded sweatshirts. A friend told police that he saw them in the park as he was leaving the school, Kolar said.

Steampunk Genius Features Key:

An Easy to use game menu system
Get rewards for doing simple tasks
Keep free items for yourself
Use the surplus to do things
Simple instructions on all of the features
To enable a cheat click "Options" in the game window and enter into the options menu and then enter one of the codes

Corsair Long Range Ranged Rifle Holo Marine Ranger Assault Rifle Loading - Elite Unique Corsair Eye of Starmarine - Corsairs with Starmarine cloaks Developer's and Translations Credits: - Starmarine Cycle Mobile - Game Aspirants - CaptainNodius - SSLEEP22 - Smissala - Fritzy - Cross - Veritas- - Starsky - D9BEAKER - Dankman - Dean - Derpdrizzle - Handofd - Dr Dumper - and many more **Steam doesn't add files to a game before publishing it, and exporting to it doesn't add custom content. So, since the "Deepness of the Void" game is on Steam right now, all the files that I had in the previous release are not there. So, if you want to play with the original content and at the same time read the files, you can read them in the "mod" folder of the zip file. - All Corsair weapons are loaded in unity. - I made several changes with the skins. - French's inspiration are the Weapon Tamer with the Orion, one of the most celebrated weapons from the French Navy (1700s). File Incompatibilities: - COCO's Darth Plagueis mod was causing the game to crash while loading and saving, so I couldn't start playing with the other weapon without switching the COCO mod off. - COCO's Ragen mod was causing several problems. So, I decided to switch it off as well (but still I cannot play with the other weapon without switching it off). - There are several major incompatibilities with NODIUS and RAGEN mods, so I decided to switch them off to switch off with the other weapon. - There are some major changes in Cross's mod for the French, so I decided to switch off the mod to switch off with the other weapon. - For those that want to play with the original content and at the same time read the files, you can find them in the mod folder. - Currently, there are no graphical mods, but I'll be working on one in the future. Build Notes: - The game uses a custom AudioManager with the following options (unity): - Mixer -> Master: Default - Mixer -> Master

What's new:

-Command. Add Recruit One-Command in This Encyclopedia""> ToolButton.DisplayString ToolButton.Name self:SetNormalTexture("Interface\Common\UI-DialogColors-Blue.dds") self:SetCheckedTexture("Interface\Common\UI-DialogColors-Blue.dds") self.Locked = self.Checked and self.CheckedLocked and not self:GetFrameEnabled(); self:GetParent():OnLockedToggle();

★★★★★ A fun and easy way to learn the alphabet. ★★★★★ A relaxing and educational way to teach yourself the alphabet. ★★★★★ A learning game that is perfect for beginners. ★★★★★ A game that you can play with your friends, to challenge each other. ★★★★★ It's EXTREMELY relaxing, and a perfect game to practice your spelling. ★★★★★ There are different levels of difficulty. ★★★★★ There are a few different languages you can learn with Taya Ukraine. ★★★★★ It's free to play.
