Standard Hand Icons Crack + X64

A set of high quality hand drawn icons perfectly suited for web & mobile apps, iconset that you can use in combination with other icon sets to quickly create great looking applications. There are 15 hand drawn icons. Standard Hand Icons License: Standard Hand Icons is a free icon set, but please, feel free to keep it short and sweet, and if you'd like to support the artist, take the time to tell them that you like their work. ** 256 pixels - always has a standard size and doesn't need to be reduced to fit the size limitations of the container. Only has one color (black), no transparency. Perfect for using in flyers, brochures and other publications. How to use Standard Hand Icons Download the icon set and drop it in to your toolbox, beside other icon sets. If you want to use the hand icon in a design, here are a few pointers to avoid confusion. A simple rectangular frame is usually used to contain the hand icon in order to fit it in a small area. If you use the 32*32 pixel size in a poster, for example, you can use half of that image to make a hot weather hand icon. Otherwise, you may use it in a flyer or other layout that requires a small hand image. Standard Hand Icons Size and Resolution This icon set has a set of high quality hand drawn icons perfectly suited for web & mobile apps, iconset that you can use in combination with other icon sets to quickly create great looking applications. There are 15 hand drawn icons. Standard Hand Icons Description: A set of high quality hand drawn icons perfectly suited for web & mobile apps, iconset that you can use in combination with other icon sets to quickly create great looking applications. What's New In Standard Hand Icons?

High quality icons for web design, desktop publishing, software development, mobile and more. Hand touch icons Time-saving collection of hand icons for creating websites and applications All icons are supplied in color and transparent PNG file format PNG files can be used for both desktop and website designs. Use the icon of your choice in your website using the code [url removed, login to view] Idea icon comes with transparent background and all icons are available in 24 different sizes Use the hand icon you need for your website, application or any material that needs a hand-drawn icon Send to a friend Customize Premium Support We use our hands for changing the world around us and for non-verbal communication with other people. This is exactly why hands are the basis of many icons and signs that the human kind has been using for thousands of years. A simple hand gesture can replace a wordy phrase and this property of hand gestures is widely used in all kinds of interfaces. If you are developing a website with lots of user interaction features or designing a mobile application with a user-friendly interface, you will most definitely find the Standard Hand Icons collection a must-have asset in your toolbox. Standard Hand Icons is a collection of high quality icons that represent various hands and hand gestures that you can use to design ad materials. Each icon was created by a professional artist with great attention to detail and clarity of the message it sends to people looking at it. The contour of each hand is black, their inner area is white and the background is transparent, which makes it easier to add these icons to an existing design immediately after downloading the collection. Apart from this, each icon comes in a variety of sizes (16*16, 20*20, 24*24, 32*32, 48**256 pixels), popular graphic formats (ICO, PNG, GIF and BMP) and three states (regular, hot and disabled). Standard Hand Icons Description: High quality icons for web design, desktop publishing, software development, mobile and more. Hand touch icons Time-saving collection of hand icons for creating websites and applications All icons are supplied in color and transparent PNG file format PNG files can be used for both desktop and website designs.
